***** VECPAR'2004 - FIRST ANNOUNCEMENT AND CALL FOR PAPERS *****
***** TOPICS OF INTEREST *****

Cluster and Grid Computing * Computing in Biosciences * Concurrent Engineering * Data Processing
Issues in Computational Science and Engineering * Large Scale Simulations in all areas of Engineering and Science
(e.g., Computational Fluid Dynamics, Crash and Structural Analysis) * Numerical Methods (PDE, Linear and Non-linear
Algebra, etc.) * Parallel and Distributed Computing * Problem Solving Environments * Scientific Visualization

SUBMISSIONS (Deadline, October 31, 2003) ===== The paper selection for the meeting will be made on the
basis of full papers. An extended abstract (between 1000 and 2000 words) may also be accepted. The instructions for
