
ACCESS TO THE SUPERCOMPUTERS

- Last Updated (22.11.2010)

If you do not have a user account yet, you can apply for it CESGA users.

Access Policy.

Due to security reasons, the connection to CESGA's supercomputers is restricted to certain IP addresses ranges, corresponding to the authorized centres (USC, UDC, etc). If you need to connect from any other place, for instance if you go abroad, you must fill up the Application form for Access from non-authorized Centres .
